

Everything Your Commercial Kitchen Needs. All Under One Roof.

Reactive Repairs

When equipment fails, every minute matters. Our engineers are equipped with a wide range of spare parts and resolve most faults on the first visit. Same-day response for urgent callouts.

Planned Preventative Maintenance (PPM)

Don't wait for a breakdown. Our PPM contracts keep your equipment compliant, safe and running efficiently – with scheduled visits, gas safety inspections (CP42) and detailed condition reports. Plans to suit every budget.

Equipment Sales

Need new kit? We offer impartial advice and competitive pricing on all major commercial catering brands — from ovens and refrigeration to warewash and ventilation. As a Cedabond Network member, we pass the best prices on to you.

Kitchen Design & Installation

Planning a whole new kitchen or a small upgrade? Our team handles everything from initial design through to installation and commissioning — tailored to your space, your menu, and your team.

Shop for Restaurant and Catering Supplies

Everything you need for your kitchen and restaurant, from crockery, cutlery, kitchen equipment and catering appliances, as well as a full selection of catering-oriented workwear and furniture.
